# Most Memorable Moments

Nicole Stanczyk: My moment is when we went 17-4 my freshman year in basketball.
Kayli Dunithan: My most memorable moment was making varsity cheerleading team my freshman year and being on varsity all four years.
Austin Bosley: While taking trash to the dumpster, I dropped the can in the dumpster. I jumped in to get the can and discovered a bees' nest. I hurried to get out of the dumpster, cut my arm, and had to get stitches! This happened my junior year, the last day of school.
Curtis Friend II: Yelling "Woah!" in Mrs. Stough's class.
Tybie Brenneman: The "horrors" of Economics, and argueing with Mr. Price.
Ashley Jones: When we went to see the Opry in Nashville, TN for chorus my junior year.
Morgan Marple: Softball season my junior year. I hit three homeruns and was selected into first team AMAC. I was also awarded MVP and had the highest batting average.
Austin Hersh: I remember when Lane Rounds almost blew up the school in Ag. class my sophomore year.
Dakota Wassell: October 22, 2013
Shawnie Bittinger: The last basketball game that we cheered for my junior year, we performed our competition routine during halftime. We performed everything perfectly and with such enthusiasm since it was the last time we would ever perform that exact competition routine. The game was against Southern, and it was a really remarkable experience to be able to cheer in the CARC's gymnasium.
Carly McCormick: Beating the seniors in the war of the classes during our junior year was great.
Brett Oates: My most memorable moment was when I hit my first homerun against Southern in the playoffs.
Sarah Hockman: I remember one day in Ag. class when the boys in my class found a snake in the shop and Mr. McCrobie came out and they took it up to him, and he jumped back because he was afraid of snakes.
Levi Cameron: My most memorable moment is the entire cross country season.
Brandon Folk: Wesley hitting the school with the tractor.
Dakota Moreland: My most memorable moment was when Wesley hit the corner of the Ag. shop with the tractor.
Tosha Griffin: My most memorable moment was when we had our first drill competition in JROTC, and I was in charge. I ran the whole group into every wall, the bleachers, and the judges' stand.

# Advice to Future Students

Kate Lowdermilk: "Two things are infinite. The universe and human stupidity... and I'm not so sure about the universe." -Albert Einstein
Rachel McKinney: Believe in the power of your dreams.
Brooks Carr: Hangout with Mrs. Coburn as much as possible. Be athletic.
Logan Durst: Don't sleep because there is enough time for sleep when you are dead.
Savanna House: Never give up. Always keep good grades because one day you'll be happy you did. #makedatmoney
Cody Hoover: Always work hard and never give up.
Lindsey Shields: Make as many memories as you can and just have fun; high school is short and the easiest time of your life before you go out into the real world. Also, don't stress over the little stuff. Stay away from the drama!
Jackie Sisler: "Some people want it to happen, some wish it would happen, others make it happen." -Michael Jordan
Bobbi Lapp: Don't listen to what others say. Just be yourself.
Sierra Livengood: Enjoy the little moments and never worry over the big ones.
Brianna Buckel: Be best friends with the Parandhamaias because they're the best!
Bri-Anna Snyder: Don't wait for something to be handed to you. One thing you will learn is if you want something done, you will have to do it yourself.
Abby Collins: If you find yourself in a hole, the first thing to do is stop digging.
Kelsey Lapp: Don't live your life procrastinating, like I have.
Ella Sisler: Be spontaneous. Get out of your comfort zone. Do something crazy. High school is one of the most memorable times in your life; make it count.
Meighan Jones: High school goes by so fast, and growing up isn't as great as you think.
Shawn Carr: Time flies. Have as much fun as you possibly can.
Jonathan Stemple: Take a chill pill. Slow down because when it's over you're gonna miss it. Not the classes, of course, but all the people. Just chill out.
Tyler Dolchan: "Life is like a bowl of strawberries... until you put whipped cream on them. Then it's a bowl of strawberries and whipped cream." -Oscar Giron
Wesley McKenzie: Pass your HSAs before your senior year.
Brittany Bowser: "You are only confined by the walls you build yourself." -Unknown
Adriana Fratz: Always follow your dreams; they will be worth your hard work and dedication.
Logan Marsh: Always apply yourself so that when you finally graduate you will get somewhere.
Kelsie Moquin: You're in school to get an education, not to impress people with your looks. Stop being something others want you to be and be yourself.
Lauren Ceslik: Believe them when they say, "these four years fly by."
Caleb Layton: Have a food fight before you graduate!

# Most Memorable Moments

**Shelby Hankins:** When our junior class beat the seniors in War of the Classes.
**Jesse Walters:** Mr. Stough's class is what I remember the most.
**Jonathan Hay:** I remember when Jacob Glotfelty and I were busting our humps to complete "The Impossible Quiz."
**Matthew Martin:** My most memorable moments are February 19, 2014 and my friend Dakota falling at lunch and dropping his tray.
**Paige Carr:** Being a cheerleader for everyone's favorite school, :)
**Shannon Warnick:** The four-year varsity soccer career I have had is what I will always remember.
**Blake Meyers:** The times I have shared with the soccer team, especially sliding in the mud with our new jerseys against Mountain Ridge during my junior year. This something I won't forget. I will also never forget the two double overtime games against Mountain Ridge.

# Advice to Underclassmen

**Lane Rounds:** Pass your HSA the first time so you don't have to be in Essentials.
**Corey Durst:** "Do all of your homework and read every book Mrs. Coburn gives you."
**Jarrett Carrigan:** Make sure you pass all of your classes and your HSAs.
**Sean Lloyd:** Just ask Meshach Metz for advice.
**Katrina Darby:** These four years of your high school go by fast; make the most of it.
**Matia McCrobie:** If you are free, happy and willing to have a good time, you will have a good time.
**Cheyenne Hackett:** Everyone always told me, "Don't get caught up in high school drama." But the truth is, it's hard not to. So enjoy it. However, don't be over dramatic when someone asks about the drama because the real world isn't high school.
**Ally Riesco:** Take a shower if your attitude stinks.
**Kristen Bennett:** Don't get involved with the drama. It's not worth getting upset over. So many great things will happen in your future years. Be a duck; let the water roll off your back!

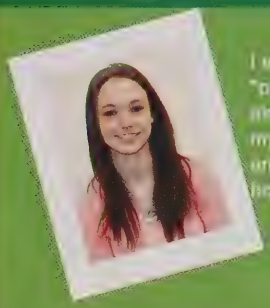
# Student Life

## Life outside of school

A student's personality, hobbies and interests are important pieces that make up his or her life. These aspects, probably more than anything else, work together to create individuality and uniqueness. "Normal" does not exist as long as students continue to blossom with wonder and character, piecing together the unique aspects of their lives.

Jake Vernon (11), Morgan Rush (10), Jinny Warn (10) and Kaitlyn Smith (10) work to prepare for Northern High School's second annual Relay for Life.

## Time with Friends



I enjoy "playing airsoft with my friends and boyfriend."

-Tosha Griffin 12

I enjoy "practicing my drawing skills by creating my own anime characters."

-Kelsie Moquin 12

"I like to go bowling at times. The Bowlin' on Bitterwood Lanes in Frostburg. I also enjoy playing the piano and photography."

-Robert Billinger, 10

"I enjoy working with my dad and riding my dirt bike."

-Joshua Beitzel, 10

# HOME COMING

It means football, festivities, and friendship.

Brooks Carr (12) and Brianna Buckel (12) are crowned homecoming king and queen at halftime of the homecoming football game.

## In My Opinion...

*Q. Why did you go all out for blue and gold day?*

*A. I dressed up for blue and gold day because it's fun to show school spirit. And who doesn't love a painted face? #BlueAndGoldOrDie*

Delaney Friend, 11

*Q. What is your favorite memory about homecoming week?*

*A. My favorite memories about homecoming week are the football game and the dance because it's my senior year, and I had a great time with my friends at both.*

Shannon Warnick, 12

*Q. What is your favorite part of homecoming week?*

*A. My favorite part of homecoming week is when people actually have school spirit and participate. Homecoming week is the cheerleaders' responsibility from the spirit days, to the pep rally, and the dance. I love getting dressed up for the dance and seeing what everyone is wearing.*

Lauren Ceslik, 12

*Q. What was your favorite day of homecoming week?*

*A. Tacky Tourist Day [was my favorite] because it was funny to see the different types of tourists.*

Hannah Bosley, 11

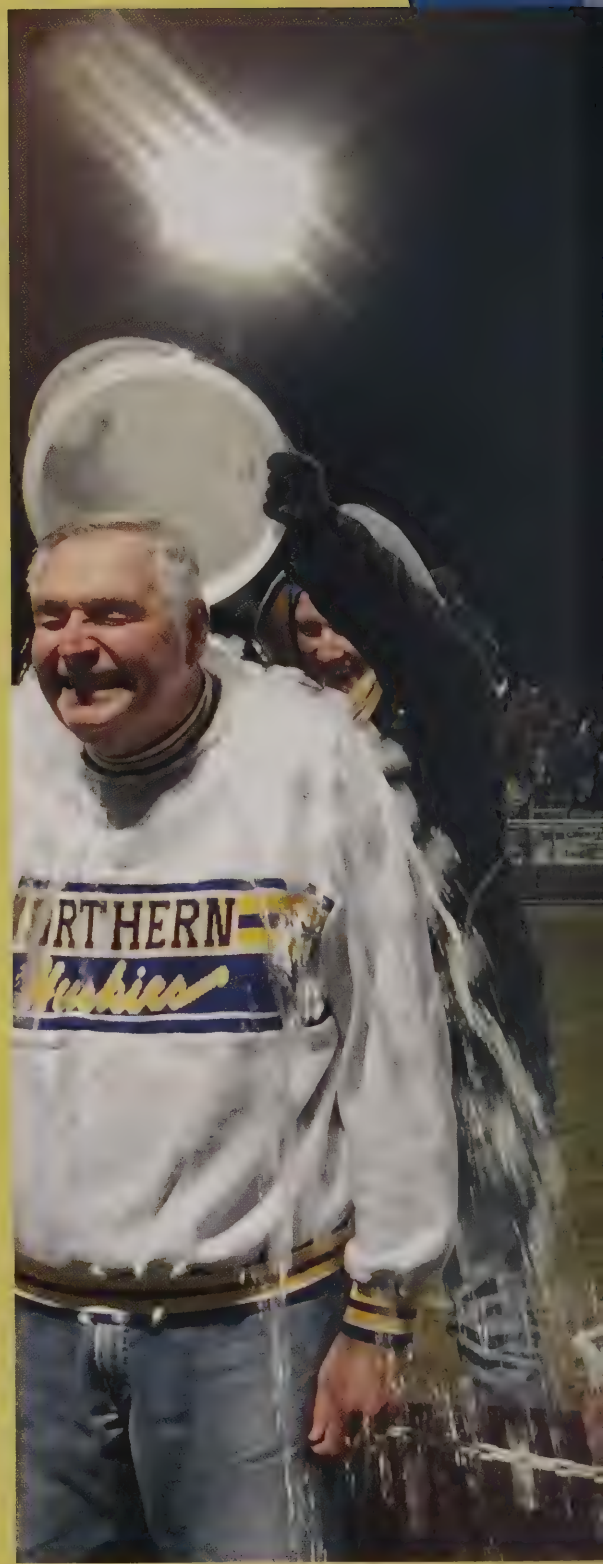
## Becoming a Piece of a Bigger Picture

A sport's team is an organization that depends on each of the players to succeed. Each person's unique talents and individual strengths work together to accomplish goals that are much bigger and much better than anything any one of the team's members could accomplish on his/her own. From state championships to tough losses, from senior nights to the opening game of the JV season, Northern's athletes learned what it was like to be a small but important piece of a much bigger picture.



At the home of arch rivals, the Southern Rams, Shannon Warnick (12) and Brianna Buckel (12) pour buckets of ice cold water on Mr. Reichenbecher and Mr. Eggleston in honor of the ALS Ice Bucket Challenge. The administrators' joint efforts with Southern High Principal Mr. Maddy demonstrated on a cold Friday night that sportsmanship is just as much about caring and cooperation as competition.

### Coach Carr

The strength of the 2014 varsity football team up to the halfway point has been the work ethic of the team. The guys have been working hard to prepare themselves each day for the next opponent. We have a number of guys who have varsity experience, even though we are still a rather young team. The skilled positions are good and that is what has helped us this far. The weaknesses are lack of overall size and the number of kids playing at varsity level. We have been outsized by a good margin in each of our games so far. We lack depth because of our numbers. Numbers is always a good thing in football. You can never have enough.

# Ready for a Takedown

Getting pumped up before the meat starts is essential for both team spirit and success. Here the team rallies up to get focused and energized before the start of the competition.

## Hear from the Coach

B. Moranduzzo

"We knew that we had a good team; we just did not know how good. Finishing 12-2 and ranking 2nd in the region and 10th in the state was great. We finished the season with 7 going to regionals and 3 advancing to states. Next year will be another good year because we are only losing 3 wrestlers, but they are 3 very good wrestlers."

"Wrestling builds a lot of character. Not every day can you cut weight and not eat and still perform at your best level."
-Justin Opel (12)

"[My favorite thing about wrestling is that] it's a one-on-one sport."
-Lance Smith (9)

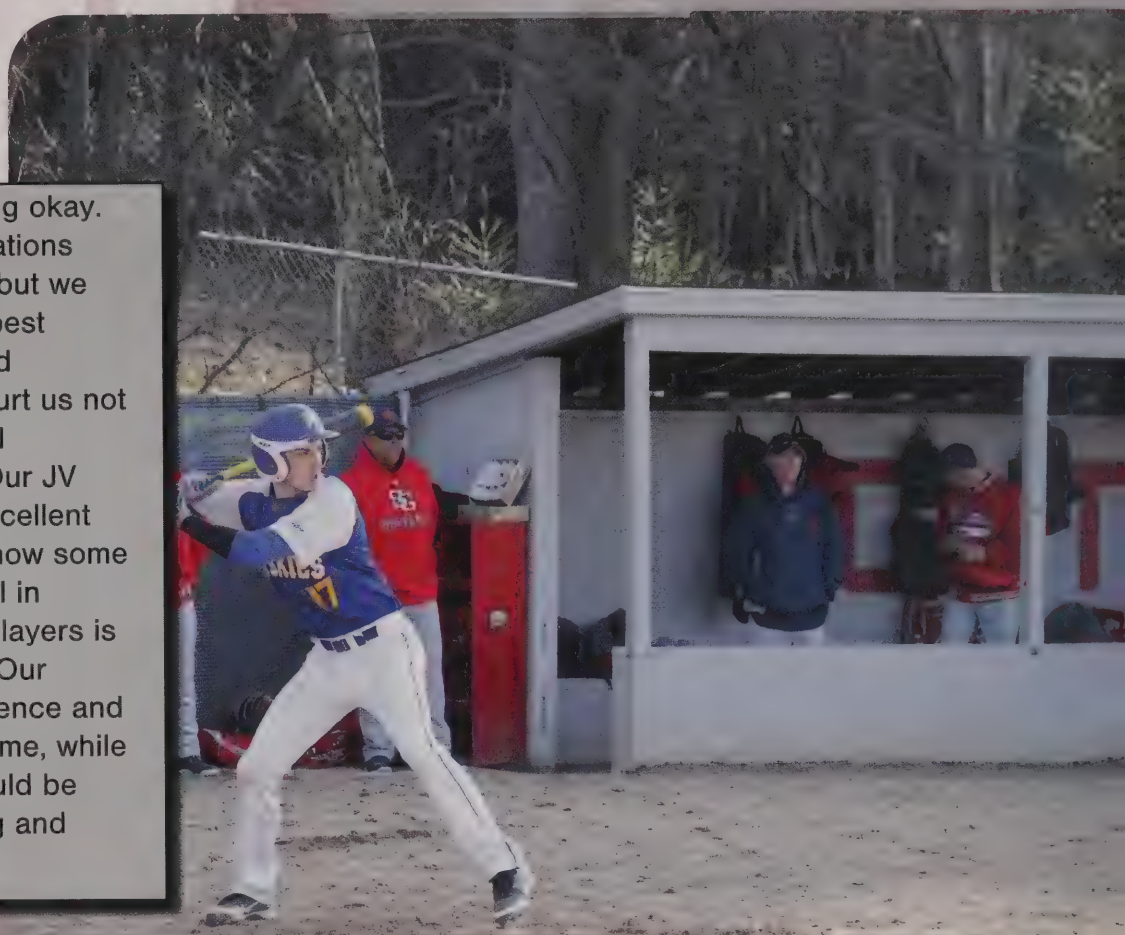
# Play Ball!

In his batting stance **Meshach Metz** (12) prepares for a hit against arch rival, the Southern Rams.



## Hear from the Coach

Coach Carr

"Overall, we are doing okay. We had high expectations starting the season, but we are not playing our best baseball yet. The bad weather has really hurt us not getting in games and practicing outside. Our JV team is having an excellent year so far. Seeing how some of our young guys fill in among the veteran players is enjoyable this year. Our strengths are experience and knowledge of the game, while our weaknesses would be our depth in pitching and playing defense."

# Spirit! Fight! Win!

**Megan Knox (10)** is showing her spirit for her team by doing a split. A cheerleader's flexibility is a very important part of her ability to perform stunts and avoid injury.

## Hear from the coach

Lisa Carr

"One of the greatest benefits and joys of being a cheer coach is that our season is eight months long, thus we get to see the cheerleaders not only improve as a cheerleaders, but also get to realize thier social, personal and emotional strides as well.... If we are fortunate enough to have them for all four years on the cheer team, it is really awesome and a 'feel-good-coach feeling' when we remember back and realize how much they have progressed."

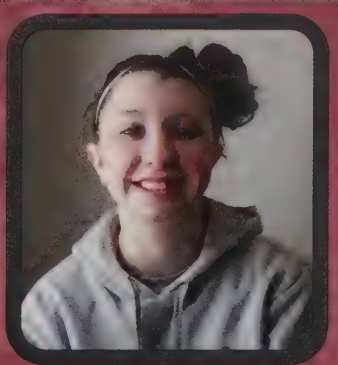
"My favorite game we cheered for this year was our vary last Southern game.
- Emma Scofield



I chose cheerleading because of the bond we share. We are together for 9 months out of the year and we have to trust each other with our lives.
-Meighan Jones

The hardest part of cheerleading would have to be tumbling because you have to have perfect form to have a good tumbling pass.
-Kayli Dunithan

**Levi Cameron** (12) starts to break away from his opponents to give his team an advantage with a big lead in the 4 x 800 meter relay.

## Hear from the Coaches

"Two State Champions is amazing, but I'm more proud of our effort as a team this year. Our goal was to finish in the top five at the State Meet and we did that. Even better news is that we are loaded for next year and should be looking at a team State Championship."
-Jaron Hawkins

"There are two favorite moments: when Kaneena broke the school record in discus and when Tiffany tied the school record in high jump. It has been a season plagued with injuries, but we have still achieved some great personal and team accomplishments. Half of the girls were completely new to track, so this year has been an exciting learning experience for everyone."

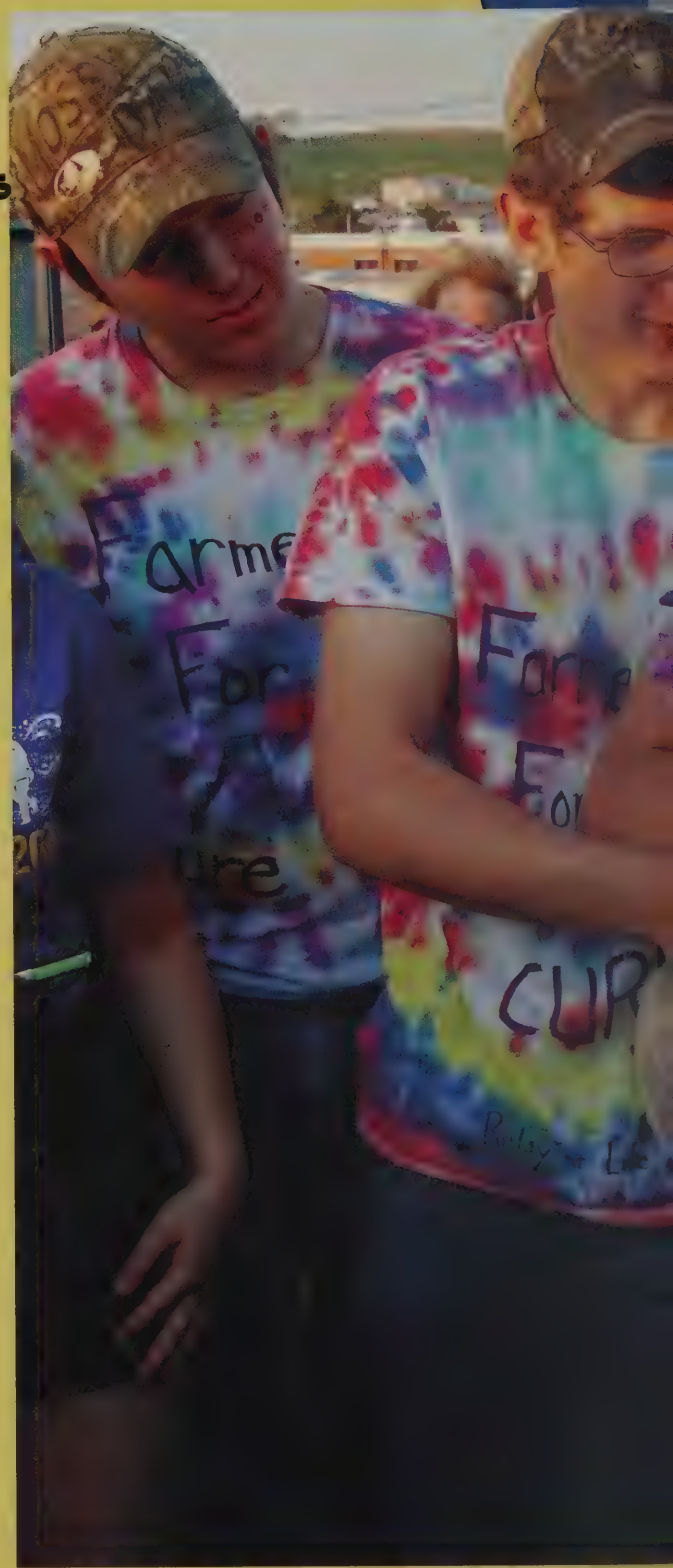
# Community

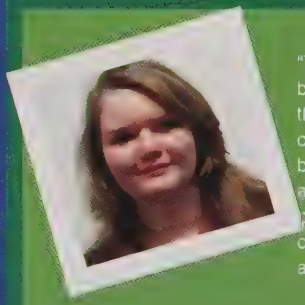
## Working Together for Student Success

Northern's partnership with the community is an integral piece of both the school 's and the students' success. Strong ties to a number of local businesses have resulted in the donation of supplies, equipment, and time. Likewise, the students have worked to give back through activities such as the Relay for Life and by raising money for local charities. Businesses, families and students all contribute a piece to the picture of a thriving community.



Relay for Life is an example of the community and school coming together. The event generated over $30,000.00 for the American Cancer Society. Mr. Eggleston prepares to kiss a pig as a part of the evening's fundraising activities while Eric Bittinger (11), Tyler Billmeyer (10) and Cordale Miller hold it steady.

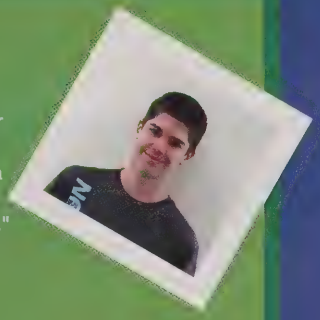
## Giving Back



"The school benefits from the community because there are dedicated people who care about and help us."

-Helen Friend, 10

"The community creates programs for the youth to have fun in a safe environment."



-Matthew Maust, 11

"People are very active in the entertainment aspect of the school, like coming to our plays, sports, and other things."

-Haley Guillot, 12

"When you do service learning hours, you give back to the community."

-Kanykei Chorchonova, 9

You were always dressed for this moment, Wesley!

Many prayers and wishes for an awesome future!
Love Mom, Bryan, Bradley, Justin, Kyle, Rodney, Alyson, and Dad

*Sean,*

*We are so proud of you and your accomplishments. You've made your dreams come true by working hard at what you love. Winners do what losers won't. When things get tough, push back. You are so much smarter and stronger than you realize. It's not the dog in the fight, but the fight in the dog that wins. You started football as a Maddawg, and ended up a Husky. You've got life by the tail, so go out and get all you deserve. We've given you roots. Today we give you wings. Soar high! We'll be watching you succeed.*

*We love you with all our hearts.*
*Mom, Dad, and Connor*

*P.S: Don't make friends with the devil.*

*A New Chapter of Life*

*We look at you and wonder, "Where have the years all gone?"*
*"What happened to our yesterday?" It hasn't been that long...*
*Since you were learning how to ride a bike, and how to catch a ball.*
*When did you get so confident? How did you grow so tall?*
*We look at you and wonder, at how the years go by,*
*We showed you how to find your wings, we taught you how to fly.*
*The woman that you have grown into is a gift beyond the best.*
*So we tell you that we love you,*
*and we count ourselves...truly blessed.*

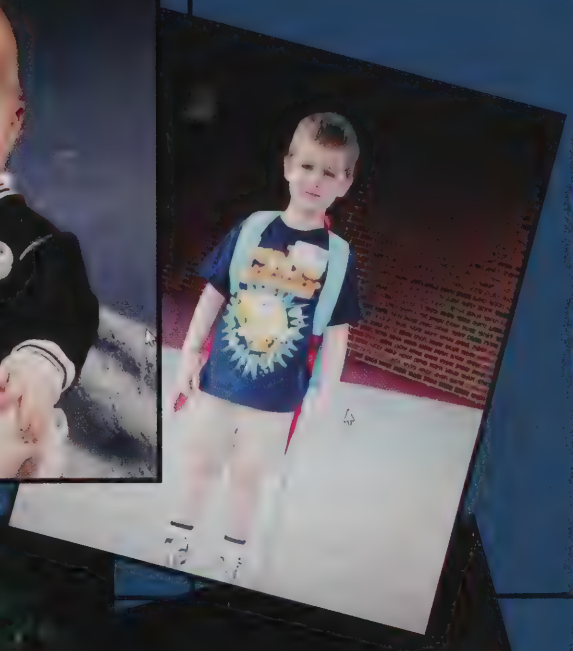
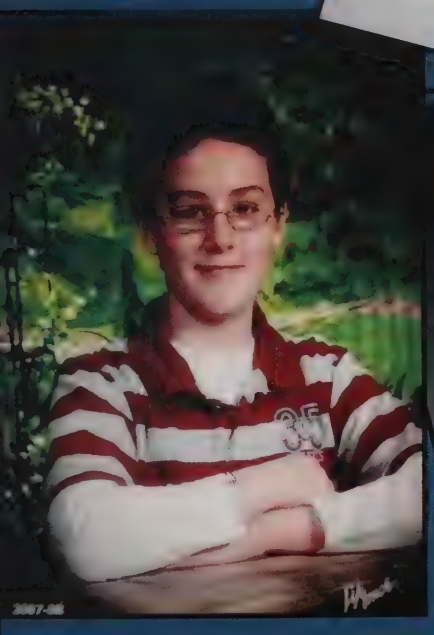
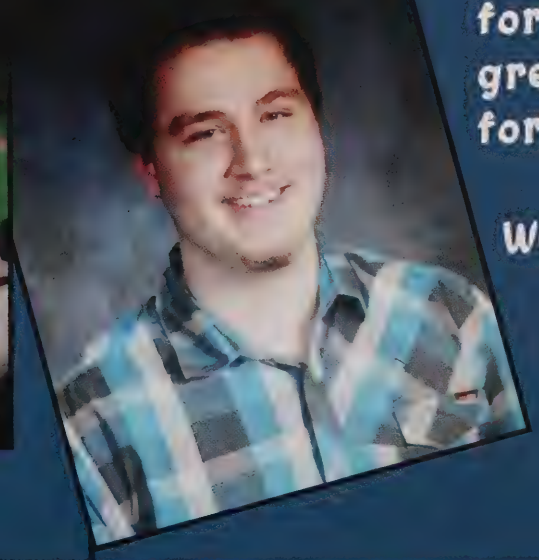
*Love Dad and Mom*







Jonny,

It seems like yesterday we were sending you to kindergarten with your Blues Clues backpack... As you graduate, we want you to know how very proud we are of the man you have become. You have brought us so much joy throughout the years. What a blessing you are to our family! We're looking forward to seeing all of the great things God has in store for you!

We love you VERY MUCH!!
